PRESS RELEASE **For Immediate Attention**

Systemline Modular Home Entertainment System Installed in Bellway Kensington Mansions Magnificent Showhome

Armour Home has announced details of its Systemline Modular brand being selected and installed in the showhome of Bellway Homes' stunning Kensington Mansions development on the outskirts of the market town of Billingham, Cleveland.

Kensington Mansions is a new exclusive collection of four/five bedroom houses, each defined by space and high specification to give a slice of country house living in a modern luxury home, within a quintessential village setting. Bellway has installed pre-wiring in all properties and has invested heavily in the highest quality sound system throughout the magnificent showhome, using Systemline Modular.

Systemline Modular offers the ideal multi room system, with the ability to listen or watch whatever you want to, in any room of your home. The solution is a non-intrusive, discreet system - literally built-in to the fabric of your home in much the same way as central heating, lighting or plumbing. All that you would typically see are very discreet flush mounted ceiling speakers and elegant in-wall keypads rather than a mishmash of boxes intruding into your living space. Systemline Modular Home Entertainment systems comply with all required building regulations and are installed to the highest possible standards.

Systemline Modular technology partner E-LIFE have five flexible packages available to homebuyers at the Kensington Mansions development - E-LIFE Bronze, Silver, Gold, Platinum and Home Cinema. This give the purchaser the choice to furnish the home with a sound system tailored to their preference, requirements and budget.
