## Meridian Premium Partners Offers Customers DSP8000 Experience

Customers who appreciate the benefits of high quality home entertainment systems can now discover the difference Meridian loudspeakers can make by visiting their local Meridian Premium Partner retailers around the country.

Participating Meridian Premium Partner retailers are currently offering an opportunity for their customers to experience Meridian's flagship DSP8000 loudspeakers for themselves either in the showroom or, at some stores, in their own home.

Meridian's flagship [DSP8000](#) loudspeakers are the physical embodiment of Meridian's highly respected audiophile ideals. A 1.35-metre tall speaker, with six drivers and a cabinet full of electronics and technical innovations, they have been acclaimed the world over as one of the finest loudspeakers ever produced.

All customers have to do in order to experience this quality personally is to contact the store and arrange a personal demonstration during the special DSP8000 Experience event.

For more information on the Meridian DSP8000 Experience go to:

### **About Meridian**

Meridian is based near Cambridge, UK, and was founded in 1977 by Bob Stuart and Allen Boothroyd. With over 30 years history of innovation and development of the highest quality consumer home entertainment systems, the award-winning company is widely recognised as a world leader in quality audio and video reproduction. Meridian developed the first audiophile CD player, the world's first consumer digital surround controller and developed the MLP lossless packing system included in Blu-ray Disc. The company's optical disc players, DSP-based loudspeakers, video projectors and scalars are unique in the industry, maintaining a super-quality digital signal throughout the path from the studio to the home, using advanced digital signal processing to deliver both a sweet, natural sound and smooth, crystal-sharp images with true cinematic realism.
