

OmniMount Systems Wall Mounted CI rack system

Ready assembled, fully customizable RSW wall mounted custom install rack system

OmniMount, a pioneer in the design and manufacturing of unique A/V mounts and furniture for residential and commercial applications, now has a complete line of customisable A/V rack solutions in its growing product portfolio. OmniMount's newly expanded Viking Series features the award-winning RSF Floor Rack System, the popular RSF.5 Floor Half-Rack System and now the new RSW Wall Rack System.

In response to overwhelming positive feedback from custom installers for the RSF and RSF.5, OmniMount expanded the Viking Series to include a wall mounted rack solution. OmniMount now offers installation professionals a complete line to better manage numerous audio/visual components and rack placement in a variety of room settings. "At OmniMount, we are constantly striving to meet the demands of our customers," said Neil Curry, managing director of OmniMount EMEA. "With those demands in mind, our talented engineering and design team has developed a full line of rack systems that incorporate a multitude of time-saving, installer-friendly features."

The RSW Wall Rack will offer the same component organisation and compatibility as the floor models, but with on-wall convenience. The RSW is a 16 space rack innovatively designed to swing open left or right for serviceability that's convenient for any install and features three 2U space shelves with 68 kg maximum weight capacity per shelf and three 2U space vented shelves.

The highly-customisable Viking Series rack systems all feature standard 19-inch rack enclosures to accommodate a wide range of audio and video components. Each product includes vented cooling for easy placement in closets and against walls, shelf clamps to secure components, integrated cable management for routing bundles up to 7.6cm and multiple customisation accessories to enhance installation ease. All three products feature removable handles, and ship fully assembled for immediate out-of-the-box use.

SEPTEMBER 2009

PRESS RELEASE

All three products in the Viking Series are available now; the RSW has an MSRP of £559.99.
