## **OmniMount Systems professional flat screen ceiling mounts**

Professional-grade ceiling mounts providing versatile and flexible solutions for single or back-to-back screen mounting

OmniMount, the leading manufacturer of consumer and commercial A/V mounting and furniture solutions, has unveiled a four strong range of professional application ceiling mounts for flat screens. The pro-grade designs provide versatile and flexible solutions for single or back-to-back mounting.

Each product allows for portrait or landscape orientation, implements an anti-theft security feature and offers tension adjustment for variable tilt or a locking pin tilt mechanism for precise positioning in 5° increments.

There is also an integrated cable management system which routes cables through the NPT pipe (extensions for which are available in 12," 18" and 24" lengths) and ceiling plate, while OmniMount's proprietary Lift n' Lock technology offers quick installation.

The S-bend pipe design on the SCM & SCM UA provides proper weight distribution, while all the models include a complete Grade 5 hardware kit.

The £150 SCM single mount holds screens from 23"-37" and up to 90.7 kg. It can tilt from 0 to +30°. £170 DCM double mount holds screens from 23"-37" and up to 181.4 kg. It can double tilt from 0 to +30°. The £250 SCM-UA single mount holds screens from 37"-70" and up to 90.7 kg. It can tilt from 0 to +30°. The £430 DCM-UA double mount holds screens from 37"-70" and up to 181.4 kg. It can double tilt from 0 to +30°. All models are available in black.
