PRESS RELEASE

For Immediate Attention

ARMOUR HOTEL INSTALLS STYLISH, HI-TECH DEMO SUITE

Visitors to Demo Suite Can Experience Armour Hotel's Impressive Range of Product Options Integrated into an Authentic Hotel Room Setting.

Last December, Armour Hotel completed a most ambitious and enterprising project when it unveiled what, in essence, was a complete open and compact hotel room - the Armour Hotel Demo Suite - at Alphason House, Wigan.

The Armour Hotel Demo Suite now serves as a permanent show-room area where hoteliers, M & E consultants, architects, interior designers and the hotel and accommodation industry media can have firsthand experience of Armour Hotel's outstanding range of room integration options and products.

Brimming with style and hi-tech fittings, the Armour Hotel Demo Suite comprises a guest bedroom and bathroom, with a centrepiece wall. The bathroom features a single Systemline in-ceiling speaker with keypad volume and source control, a 19" Aquavision TV and a Tivoli Pal radio. In the bedroom, there is a pair of Systemline in-ceiling speakers, with keypad volume and source control with colour touch screen by the bed, and a Tivoli Model 3 radio with matching separate Dual Alarm speaker. The Sonance iPort docking station on the wall will play all sources through the in-ceiling speakers and the fitted 32" hotel-room TV works with Exterity IPTV, feeding through the TV and into the TV in the bathroom.

To get a better idea of what Armour Hotel's exclusive Demo Suite looks like go to Armour Hotel folder in the Armour Press Room here:

<http://www.armourhe.co.uk/auth/authenticate.htm>

To gain access – the Account is press and the Password is download. Within the Armour Hotel folder there is a sub-folder containing hi-res images to both view online or download for print or web use.

Press members wishing to arrange a personal visit to the Demo Suite can contact Denise Jones (details below).
