Press release

## **MERIDIAN SOOLOOS iPad APP NOW AVAILABLE** **Provides Enhanced User Interface and New Features When Using an iPhone, iPod Touch or iPad as Wireless Controller**

### **Meridian DSP7200 Speakers with Meridian Sooloos Digital Media System**

Meridian has announced the new Meridian Sooloos iPad App, which is now available to download from the \*Apple App Store free of charge.

The Meridian Sooloos iPad App enables full control of a Meridian Sooloos Digital Media System, providing an enhanced user interface and new features when using an iPhone, iPod Touch or iPad as a wireless controller.

The App also allows the user to take full advantage of Meridian's Award-Winning Sooloos Digital Media System to store, manage, browse and play the highest quality audio in multiple zones around the home.

The Meridian Sooloos iPad App finds the Wi-Fi network, locates the Sooloos Digital Media System, and connects to it automatically with no configuration necessary. Once connected, the user can browse their music and control all aspects of playback in all system zones.

### **Meridian Sooloos iPad App - Key Features Include**

- iPad support
- Wi-Fi auto-discovery
- Transport control
- Volume and mute controls

#### **About Meridian Audio Limited**

Meridian is based near Cambridge, UK, and was founded in 1977 by Bob Stuart and Allen Boothroyd. With over 30 years' history of innovation and development of uncompromised consumer home entertainment systems offering exceptional performance, this award-winning company is widely recognised as a world leader in high-quality audio and video reproduction. Meridian developed the first audiophile CD player, the world's first consumer digital surround controller, and the MLP lossless packing system included in Blu-ray Disc. The company's optical disc players, DSP-based loudspeakers, video projectors, and scalars are unique in the industry, maintaining a super-quality digital signal throughout the path from the studio to the home, using advanced digital signal processing to deliver both a sweet, natural sound and smooth, crystal-sharp images with true cinematic realism. In late 2008, Meridian acquired leading networked media server developer Sooloos, and today the Meridian Sooloos Digital Media System offers a unique combination of superb digital audio quality with the world's most innovative, flexible and intuitive touch-screen-based home entertainment system.
