### **About Meridian Audio Limited**

Meridian is based near Cambridge, UK, and was founded in 1977 by Bob Stuart and Allen Boothroyd. With over 30 years’ history of innovation and development of uncompromised consumer home entertainment systems offering exceptional performance, this award-winning company is widely recognized as a world leader in high-quality audio and video reproduction. Meridian developed the first audiophile CD player, the world’s first consumer digital surround controller, and developed the MLP lossless packing system included in Blu-ray Disc. The company’s optical disc players, DSP-based loudspeakers, video projectors, and scalars are unique in the industry, maintaining a super-quality digital signal throughout the path from the studio to the home, using advanced digital signal processing to deliver both a sweet, natural sound and smooth, crystal-sharp images with true cinematic realism. With the acquisition of Sooloos, Meridian now brings its expertise to the Sooloos Media System, the world’s most innovative, functional and easy-to-use networked home entertainment system. Meridian Sooloos systems effortlessly combine spectacular quality, rich metadata and the industry’s leading user interface to change forever the way we enjoy and interact with music.
